### CONDITIONS OF SALE

**TERMS**—The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security or satisfactory references are required from unknown parties.

**PACKING**—Free with orders accompanied with cash, otherwise a charge is made sufficient to cover the cost of material only. Trees packed in bulk at no extra charge.

**COMPLAINTS**—Should there be any reason for complaint, we must be notified on receipt of goods, otherwise we cannot entertain it.

**DELIVERY**—We charge for delivery of stock, based on the size of truck required and the distance.

**ORDERS**—Are accepted on condition that they shall be void should any injury befall the stock from frost, or other causes over which we have no control.

**GUARANTEE OF GENUINENESS**—While we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace on proper proof, all trees that prove untrue, we do not give any warranty, express or implied; in case of any error on our part it is mutually agreed between the purchaser and ourselves that we should not at any time be held responsible for a greater amount than the original price of the stock.

We guarantee all our stock to be in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects or after culture.

### LANDSCAPE SERVICE

We would be glad to call and advise with you on any planting or changes you may contemplate, to furnish plans and estimate or to estimate on any plan you may already have.

## EVERGREENS

No home grounds are complete without Evergreens. The following varieties have all been grown under ideal conditions. Their rich dark green foliage forms a pleasing contrast with that of the flowering shrubs and trees. All Evergreens are dug with a ball of earth and burlapped. Evergreens do not lose their foliage in Winter.

DECIDUOUS SHRUBS

The most effective and picturesque plantings are obtained by massing. The Flowering Shrubs, by no means should they be entirely omitted from the Landscape. The following list not only contains the old fashioned plants, but a great many new ones which are not generally known. We have mentioned the season each shrub flowers, so that a careful selection will give you flowers from early Spring to late Fall. None of these plants are in storage, but will be dug fresh to fill your order.

## TIGER'S SPECIAL MIXTURE

### LAWN GRASS SEED

We feel that this special mixture, with its combination of fine-leaved, dwarf grasses, cannot be excelled for Long Island. We have had this SPECIAL MIXTURE packed in convenient bags bearing our name.

5 lb. Bag .....	\$ 2.10
10 lb. Bag .....	4.20
100 lb. Bag .....	42.00

### PLANT FERTILIZER

In this well balanced product, all available plant foods have been combined, to stimulate both top and root growth. We can highly recommend this for all trees, shrubs, evergreens and plants of all kinds.

100 lb. Bag .....	\$4.00
-------------------	--------

### RAW BONE MEAL

Excellent for the lawn and when used as a top dressing its slow disintegrating and long lasting qualities is very desirable. For hard wooded plants such as flowering shrubs and trees.

100 lb. Bag .....	\$4.50
-------------------	--------

### GRANULATED PEAT MOSS

This imported product, consisting of decayed vegetation which has been accumulating for many years along certain European lakes, has been found to be very important as a soil conditioner. It improves the texture, conserves moisture and aerates the soil. Used as a mulch for broad-leaved evergreens, such as Rhododendrons, Boxwood and Azaleas, as well as the coniferous sorts, it cannot be excelled. Large bales about 13 cubic feet cover 240 square feet 1 inch deep.

Single bale .....	\$5.00 each
5 bale lots .....	4.50 each
